10% of account value per contract year, beginning in year 2.

Surrender Charge Schedule

Contract Year	1	2	3	4	5	6	7	8+
Charge	7%	6%	5%	4%	3%	2%	1%	0%

Charge basis: percentage of amount withdrawn above any available free-withdrawal amount.

Market Value Adjustment

Market Value Adjustment applies to withdrawals exceeding the free amount during the surrender-charge period.

Death Benefit

Full account value; no surrender charge or MVA at death.

Annuitization Options

- Life only
- Life with 10-year certain
- Fixed period of 5–20 years

Optional Riders

This product does not offer optional riders.

Tax Notes, Replacement Disclosure and 65+ Suitability Review

Tax Notes

Tax-deferred growth. Withdrawals before age 59½ may be subject to a 10% federal tax penalty. Consult a tax advisor.

Replacement Disclosure

Replacing an existing annuity or life policy may begin a new surrender-charge period and may forfeit existing benefits. State replacement forms are required.

Suitability Review

Heightened suitability review applies to applicants age 65 and older under this Demo policy.

This demonstration document describes a fictional product and is not an offer, a suitability determination, tax advice, legal advice, or an insurance recommendation. For any decision, consult a licensed professional.
